

Swimming ACT Squads 2011 Selection Criteria

Background:

The squad structure and associated selection criteria are generally reviewed each year ahead of the selection process. This document sets down the squad selection criteria for 2011.

Who is eligible for consideration?

Any swimmer who is a first claim member of a Swimming ACT affiliated club.

Note: A swimmer who moves into the district (and becomes a first claim member of a Swimming ACT affiliated club) following the selection process could be ranked and included on the reserve list for a squad if they met the basic criteria for that squad.

Swimmer Ranking

The Australian Age Points (AAP) will be used to rank swimmers for A and B Squads.

Selectors will rank swimmers based on improvement across the selection period when considering swimmers for the C and D Squads.

Guidance is to be sought from Swimming Australia to ensure that swimmers with a disability are able to be appropriately ranked.

Times to be considered for ranking purposes

Unless otherwise specified, swimmers times for ranking purposes will be the long course times recorded by the swimmer from 5 September 2010 to 31 March 2011, plus the 2011 National Age and OWS Championships. Results to be taken into consideration are: ACT district meets, State and National meets and those meets for which official results have been lodged with the Registrar.

General rules

1. A swimmer is only eligible for consideration for selection in a specific ACT Squad (except for the A Squad) for a maximum period of four years from, and including, the first year they were selected in that squad.
2. Once a squad offer is made a swimmer cannot elect or request to move to a lower squad.
3. In a particular year, if a swimmer is eligible for selection in a squad ("the higher squad"), whether they are selected or not in that higher squad, they are no longer eligible for consideration for selection in any squad lower than the higher squad.
4. After a swimmer has been selected in any squad they are not eligible at any future time for selection in a squad lower than the squad in which they had previously been selected.
5. A swimmer will not be offered a place in a squad unless their club head coach (or venue head coach where the club has more than one training venue) confirms that the swimmer is training and competing regularly and has not sustained an injury that prevents the swimmers from training and competing.
6. Swimmers who have been selected in either a SNSW or SAL squad are not eligible for an ACT Squad.
